

2023 Mid-Year Impact Report

SECOND HELPINGS ATLANTA®

In the first six months of 2023, we have rescued and delivered **2.4 million** pounds of food – that’s enough food for approximately 2 million meals! Our commitment to expanding the Food Rescue Network has resulted in a **29% increase** in pounds of food saved compared to last year. Delivering on our mission to create a more environmentally responsible metro area, we have combatted **2,048 tons** of CO2e through food rescue, ensuring that good food reaches our neighbors in need. Thank you for supporting our work, I can't be more excited for what's ahead!

Paul Clements, Executive Director

“

On behalf of the Vine City Community, I would like to thank you for the food products that we received on Wednesday in addition to the Meal Kits. Because it is summer and school is out, many of the parents are struggling to offer lunch and dinner meals. Due to your generous donations, VCCA was able to distribute to over 100 families on yesterday.
